

PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., FRIDAY, MARCH 26, 1897.

ONE CENT.

BOLTERS! B'GOSH!

SAME SONG SUNG!

Dr. Hunter Still Lacks Two Votes to Win the Toga.

WHAT WILL THE HARVEST BE?

DR. W. GODFREY HUNTER.

Special to The Public Ledger.

FRANKFORT, March 25th.

The third joint ballot for United States Senator was taken at noon today, resulting—

Hunter	67
Blackburn	49
David	13
Boyle	6
Stone	1

The political atmosphere is steaming hot and refuses to be cooled by even the zero tendency of the mercury.

Dr. Hunter's friends are confident of final victory, and the opposition is just as sure of carrying off the bakery.

It was currently reported that Mr. George M. Davis, who is being voted for by several of the Gold Democrats, had telegraphed them to vote for Hunter when it becomes apparent that no one else can be elected. They may not follow this advice at once, but it is significant that five of them sent word to the Republicans that they will vote with the Hunter men in forcing continuous balloting.

Everyone is holding his breath, not knowing what the next turn will be.

Y. M. C. A. MATTERS.

What the Local Association is Doing For the City's Young Men.

The score last night stood—

BLUES.....43

REDS.....10

Well, well, well! Haven't the "Blues" begun to round up in great shape!

The "Blues" have a watchword that is proving a regular "Jonah" for their carmine opponents—"Silence."

Let the "Blues" get together now, and with the aid and leadership of Captain Kackley show their opponents a thing or two.

The LEDGER is always found on the right side of every leading question. That's why it is urging the young men to become members of an Association that is run for their benefit.

The "Blues" wish it distinctly understood that they, under the leadership of their gallant Captain, intend to stay in until the fight is over, and then they will make the "Reds" actually feed them at the banquet.

The fact that the Y. M. C. A. of this city has received the indorsement of the leading business men of Maysville should be sufficient inducement for every young man in this city to rush up and secure a blue ticket by the "Blue" route. No where else can you get as much for nothing.

The young men of Maysville and vicinity cannot claim that the business men and citizens who have the good of our city at heart have not done their duty to wards them, as the Y. M. C. A. in this city is made up of our most substantial citizens, and a blue membership ticket (red) will admit any young men to all the privileges of the Association.

The exceptionally fine bath—shower and tub—at the Y. M. C. A. does not include towels. Why? you ask. How on earth can a man take a bath without a towel with which to dry himself after he gets through. He can't, brother, but in view of the fact that he gets so much for nothing, don't you think he should be willing to furnish his own towel or pay 25 cents for the use of fifteen fine Turkish bath towels? The 25 cents is only to pay for keeping the towels in good order. In most Associations towels are not furnished at all, and the Maysville Association has added this luxury simply as an accommodation to those who cannot conveniently furnish their own.

Here are the privileges the "Blues" guarantee that any young man who goes into the Y. M. C. A. by the "Blue" route will get for \$5 a year:

Gymnasium.

Medical Examination.

Class Instruction.

Bath, Hair.

Shower and Tub Baths.

Reading Room.

Practical Talks.

Correspondence Desk.

Visitation in Sickness.

Parlor, with Piano.

Social Room, with Games.

Good Companionship.

Socials and Receptions.

Entertainments.

Men's Training Rally.

Bible Sunday Class.

Friendly Counsel.

Boarding-house Register.

Now, with such a list of privileges as this one, and a guarantee signed by the Secretary, which is a blue membership card, we fail to comprehend how on earth any young man with an idea above a minute can afford to not take advantage of it.

WE'RE FOR AMERICA! AMERICANS!

THERE are 46 Democratic candidates announced in the Carlisle Mercury for 12 offices, 13 entries being for Jailor. Who said our friends the Democrats were in favor of Salve Service reform?

THE dereliction of two Kentucky Republicans imperiled the party, state and National, on Tuesday. It is not often that two men so lightly shoulder so heavy a responsibility.—Times-Star.

THE Times-Star is, evidently, unacquainted with the elephantoidality, fore and aft, of at least one of the eminent derelictionists.

STAND from under! Even the dignified United States Senate has fallen in line with THE LEDGER in a crusade against MIST CLEVELAND's purely political application of the Civil Service sticking plaster. That body has adopted resolutions for an investigation of Federal removals at South Omaha, Neb., and added an amendment directing the Civil Service Committee to examine into the general action of the Civil Service Law and whether it shall be "continued, amended or repealed."

THE "official statement" given out by the Republicans who have "bolted" Dr. HUNTER at Frankfurt, is in letters and words and sentences and paragraphs as follows:

"The men who have taken a stand against Dr. HUNTER are for Sound Money, a Protective Tariff and the Budget Bill.

"Dr. HUNTER is not the legal nominee, according to parliamentary law. ST. JOHN BOTLE is. This is a fight for Kentucky against Ohio: KENTUCKY AGAINST IRELAND. It is for individual liberty and freedom, irrespective of house. Republicans who vote for ST. JOHN BOTLE will not and cannot do anything to prevent the election of a gold Republican Senator.

"The Republicans have the majority—20 members. It is their duty to elect. Men voting for ST. JOHN BOTLE today will aid in the election of a Sound Money Republican Senator. They will do nothing to injure their party or bring the blush of shame to any Kentuckian.

"Their stand is one of patriotism and devotion to their native state. They now believe cordially that the majority of members of the Joint Assembly tomorrow will vindicate the position they have taken and place a crown of glory on the brow of old Kentucky. God bless her. We have not been bought and are not for sale."

THE LEDGER will be obliged if some one will brush away the cobwebs that envelop a part of this "official statement."

The declaration that this is a fight of "KENTUCKY AGAINST IRELAND" is a trifle hazy, unless it be that, because Dr. HUNTER is said to have been born in Ireland, these "bolters" deem it their bonadon duty to oppose him on that ground.

If this be so, it shows the high esteem in which at least one of the "bolters" holds the many Irishmen who voted and worked for his election, and who shunted themselves hoarse over his victory.

And as it is said in Holy Writ, "the righteous are as bold as a lion," there doesn't appear to be any immediate necessity for the assurance that "We have not been bought and are not for sale."

Surely no one would dare make such a charge as that!

Very truly, the expected rascal skipth the tra-la-loo when no fellow is hunting him with a stuffed club!

It has been computed by geographers that if the sea were emptied of its waters and all the rivers of the earth were to pour their present floods into the vacant space, allowing nothing for evaporation, 4000 years would be required to bring the water of the ocean up to its present level.—Carlisle Mercury.

Why, oh, why, Brother KELLER, do you print such watery news as this? Can't you tell me something about that good old Nicholas county product that flows so freely and gurgles so sweetly?

THE well-poised Washington correspondent of The Courier-Journal says there is among the Representatives, Senators and Heads of Departments a deep-seated hostility

With the Fraud. to the present Civil Service Rules.

While Mr. CLEVELAND was in office, strongly opposed by the two leading parties and distributing no offices, little if any attention was paid to the law or its workings by the members of Congress. In the meantime the Civil Service Commission reached out and brought within its fold or the classified service nearly all of the employees of the Government.

Only last June the Commission laid before Mr. CLEVELAND the result of its labors, and without hesitation he issued an order embracing 6,000 officers in the classified service. A large number of these offices were important, and places heretofore considered to be of the most confidential nature. At that time the country paid no particular attention to this order; but now a new Administration is on deck and a Cabinet officer finds that when he desires a man for a confidential place he is told that he must apply to the Civil Service Commission that Commission sends.

In a word, the Cabinet officer can dismiss an employe, but he cannot put a man in his place. Take the Chief of the Bureau of Engraving and Printing and the Supervising Architect of the Treasury; one has charge of all the money printed by the Government and the other the expenditure of millions of dollars. Each has heretofore been the personal appointee of the Secretary of the Treasury. Under the present law they would be appointed by a clerk of the Civil Service Commission, who might certify as to their standing in a Civil Service examination.

It is not likely, though, that any material changes will be made in the law, though it is possible. It is believed, however, that a successful effort will be made to restate all Government employes in the Departments who have been dismissed since 1893 for political reasons. There is a strong sentiment in favor of that being done. The argument is that after the Cleveland Administration turned a large number of faithful and efficient public servants out of office on account of their politics, he put men of his political faith in their places, and then threw around them the cloak of Civil Service.

It is openly said that President McKINLEY will favor this change in the Civil Service regulations.

Rheumatism Quickly Cured.
After having been confined to the house for eleven days and paying out \$25 in doctor bills without benefit, Mr. Frank Dison of Salt Lake, Utah, was cured by one bottle of Chamberlain's Pain Balm costing 25 cents and has not since been troubled with that complaint.

CAPITAL NEWS.

Messrs. Dingley and Bailey Will Wind up Tariff Debate.

Senator Joseph R. Foraker Introduces His First Military Measure.

Bernhard Bettman's Nomination as Collector of Internal Revenue Controversy The New Chinese Minister—Applications for Treasury Department.

WASHINGTON, March 25.—An agreement has been reached between Mr. Dingley (rep. Me.) and Mr. Bailey (dem. Tex.) that the two hours preceding the vote on the tariff bill next Wednesday be divided between the two gentlemen named, when they will close for their respective sides, the debate on the measure. The house will be asked to concur in this arrangement.

Among the bills introduced and referred in the senate Thursday morning was one by Mr. Foraker (rep. O.) to provide a modern organization for the artillery of the army.

Alexander McConnell Kennedy, a Mexican veteran, died at his residence in Washington Thursday morning in his 73d year.

The senate Thursday afternoon confirmed the nomination of Bernard Bettman to be collector of internal revenue for the First district of Ohio.

Col. M. A. Cochran, in command at Ft. Thomas, has been here for several days. He is senior colonel in the United States army. There will be several retirements soon and Cochran is in line for promotion to brigadier general, which will place him next in rank to Maj. Gen. Miles.

The state department has been notified that Wu Ting Fang, the new Chinese minister to the United States, left home on the steamer Gaelic March 15, and is due in San Francisco in about two weeks. At the request of Minister Yang Yu, the treasury department has given the usual instructions for the extension on customs duties for the new envoy and his multitudinous staff and their baggage. Minister Yu, on being relieved, will go to Russia, Australia and the Netherlands.

Wu Ting Fang is accredited to Mexico and Peru as well as the United States. The following applications for positions under the treasury department were made public Thursday morning: To be collector of customs, Ewald Owen, of Indianapolis, Ind., at Indianapolis.

W. W. Leaning and L. B. Kauffman, both of Columbus, O., to be surveyors of customs at Columbus.

To be appraisers of customs, Robert Simpson, of Cleveland, O., at Cleveland.

WASHINGTON, March 25.—The debate on the arbitration treaty Wednesday afternoon was of short duration. Mr. Chilton spoke for about an hour on his amendment to the first article, which amends that article so as to provide that only such matters shall be submitted to arbitration as the senate then in existence may deem proper for arbitration.

WASHINGTON, March 25.—The National Soldiers' home board adjourned Thursday without taking any action on the case of Andrew J. Smith, governor of the Soldiers' home at Leavenworth, Kas. The board will meet a month from now at which the present meeting was badly crippled by the illness and absence of members, and did little or nothing.

Spain's Strategic Importance.

WASHINGTON, March 26.—Spain is at the end of her string, and Cuban independence is in sight. This is the great news of the day in the national capital. It is an open secret in diplomatic circles that Spain has practically abandoned her effort to crush the Cuban patriots. The war in Cuba has now reached the negotiations stage. The question of the future is as to whether the people of the island will buy their independence or whether they will win it by the sword.

Within a short time the Spanish government will initiate negotiations with the United States looking to the settlement of the Cuban trouble.

A WHEELING MAN

Dies From Hydrophobia and Others Bitten by the Same Dog Are Greatly Alarmed.

WHEELING, W. Va., March 26.—Wm. Huggins died Thursday morning of hydrophobia. He was bitten by a dog last January, and seven others were injured at the same time. Two of them were successfully treated at the Pasteur Institute, New York, and the death of Huggins has caused much alarm among the friends of others who were bitten. A popular subscription is being taken to send them to New York, but some fear that it is too late. The Pasteur Institute has been telegraphed regarding the matter, but no reply has yet been received.

To Prevent Mutters of Price Fights. Concord, N. H., March 26.—In the house Thursday afternoon the members of the Manchester Ministerial association, asking for legislation to prevent the exhibition of any kind of picture of price fights, was referred to the committee on national affairs.

THE MASSACRE

Of Armenians at Tokat in Sivas by the Moslems.

Number of Christians Killed Now Placed at Fully Seven Hundred.

Sir Philip Currie, British Ambassador, Made a Vigorous Protest to the Patriarch of Constantinople in the Name of the Turkish Government.

CONSTANTINOPLE, March 26.—Further and probably more accurate details of the recent massacre of Armenians at Tokat in the Sivas district of Anatolia, have been received from the Armenian patriarchate here. The first report of the affair was issued by the government.

This declared that fifteen Armenians and three Mussulmans had been killed. Little reliance can be placed on the report, for the official always made it a rule to understate the number of persons killed in the various massacres. Later letters have received at the embassies showing that fully one hundred defenseless Armenians had fallen victims to the fury of the Moslems at Tokat, and this number, it was thought, was probably correct. The news received Thursday at the patriarchate shows that both statements were incorrect and that the number of victims was fully 700. It was stated that the massacre took place on Thursday that these figures were obtained from reliable persons at Tokat and the vicinity, and that the number of victims stated is without doubt correct. Sir Philip Currie, the British ambassador, made a most vigorous protest against the massacre in a note to the porte, a note which was said to have been the strongest ever delivered by an ambassador to the Turkish government. The result of his action was shown Thursday, when the sultan ordered the dismissal and arrest of the Turkish officials in Tokat who are suspected of complicity in the massacre and the appointment of a special commission to try them.

It is believed that the British ambassador will watch the trial closely to see that it does not prove a farce as so many trials of Moslems officials charged with the murder of Christians have followed. Mr. Ormanian, the Armenian patriarch, has made a protest to the sultan against the massacre at Tokat, and has added force to his protest by insisting that the sultan shall accept his resignation, which was refused some time ago. At that time the sultan refused to accept it, and promised the patriarch that further concessions would be made to the Armenians. The patriarch asked, however, that the granting of concessions be deferred until after the massacre at Tokat followed.

Eight Armenians were arrested here Thursday as a measure of precaution, the government fearing that the news of the Tokat massacre might precipitate an outbreak. The prisoners are expected to have been released in an attempt to make a demonstration here.

AN APPEAL
For sympathy and financial aid issued by the United mine workers last night. The appeal is in the form of a circular letter to the public. The circular describes the miners as being reduced to miserable poverty and asks a Pittsburgh paper to the effect that miners' children are seen driving dogs away from garbage and in the mining regions there. The committee by same blames the New York and Cleveland C. & C. and its president and directors, whose names are also given, for bringing about the demoralized condition of the coal mining business. The appeal states that they are determined to end this state of affairs at once, and to that end solicit aid. The appeal is signed by President Samuel Gompers.

WHEEL BURST WITH FATAL RESULT.
PITTSBURGH, Pa., March 26.—The engine in mill No. 8 of the Edgar Thomson Steel Works ran about midnight Wednesday, resulting in the bursting of the immense fly wheel. David Hugo, engineer, had the wheel crushed and died Thursday morning. George B. McClelland Snyder was fatally injured. The fly wheel was 36 feet in diameter. The force of the explosion badly wrecked the mill and caused thousands of dollars of damage. Portions of the wheel were thrown almost incredible distances.

INSURGENTS

After Hard Fighting, Occupy Malakka, Creta.

European Warships Shall Thrm, the Fire Lasting Ten Minutes.

The Insurgents, However, Held Their Ground—They Are Now in a Position to Blockade Creta From the Land.

CANRA, March 26.—The fighting in the vicinity of Malakka continued throughout Thursday. It was especially desperate at 9 o'clock Thursday afternoon in the village of Tiamlarin, where the insurgents set fire to a number of Turkish houses.

The insurgents are now occupying Malakka. The European warships shelled them Thursday afternoon, the firing lasting ten minutes. The insurgents, however, held their ground close to the ruins of the block house from which they drove the Turkish warships Wednesday night and did not seem to grant any ground to the bombardment.

When the Turkish troops evacuated the block house, they set fire to it in order that it might not furnish a shelter to their enemies. It had been, however, badly wrecked by the fire.

It is evident that the Turkish troops have no match for the insurgents. A body of troops made an attempt Thursday to gain the heights above Tiamlarin, where the Kanakid block house is situated. With this position and the one at Malakka, in their possession the insurgents would be able to completely blockade Creta from the land side.

The troops had gone only a little distance when they were attacked by insurgents who drove them back. Later, another attempt was made to reach the heights, but this, too, proved unsuccessful.

A body of insurgents made an attack upon the Turkish column at Tiamlarin. The Turks had a number of mountain guns, and the fire from them prevented the insurgents from coming close to the village. The insurgents, which saved the Moslems from defeat. Montevard and Halepa are both within range of the guns of the insurgents who continue to hold both places.

Thursday evening part of Malakka was blown up with dynamite and the rest of the town is burning. The Turkish warships in Sada Bay are trying to prevent the insurgents from their attempts to be wholly ineffective.

Malakka is one of the towns mentioned by the foreign admirals in their proclamation issued on Thursday. It must not be attacked by Greek troops or insurgents. The admirals declared that the fortifications, which were needed to "maintain security and quiet" must not be fired upon, otherwise they would use force against the attack. It was the disobedience of the insurgents to this proclamation that led the foreign warships to bombard them. They used the shells, three of which fell within the town.

REMARKABLE CAREER.
Princess Bismarck, the Iron Chancellor. Fifty-two years this day at the patriarchate shows that both statements were incorrect and that the number of victims was fully 700.
